Chief of Administration, DD/P

13 November 1952

Legislative Counsel

Cable-In 12332

25X1A

1. Reference is made to cable-in 12332 from Senior Representative [REDACTED] dated 12 November 1952. This cable reports the proposed visit to [REDACTED] of members of the Senate and House Post Office and Civil Service Committee. The Senior Representative has queried as to whether any of the Committee members have been briefed on CIA in case any questions are asked.

25X1A

2. None of the legislative members of the visiting delegation have been briefed on CIA operations. However, Mr. Fred Belen, Chief Clerk of the House Post Office and Civil Service Committee, is a member of the delegation and is extremely friendly to CIA. He has handled with me the few problems we have had with his Committee and is extremely sound. If any help is needed to keep the delegation away from our activities, I would suggest contacting him in my name.
